CHUWI

10.1 Inch IPS Retina Screen

- Hi10 is equipped with a 10.1 inch screen 224pp pixel density allowing a HD+ resolution of 1920x1200.
- Liquid crystal display makes the color stand out.
- The 400 lumens allows for clear visibility even in direct sunlight.
- The high sensitivity 10-finger touch screen allows touch navigation to be simple and intuitive.

Smooth Gaming Experience

- Twice as great performance as the seventh generation graphics, plus includes 4G RAM, so that it's a breeze playing games like "League of Legends", "Cross Fire" or "World of Warcraft".

Intelligent Battery Management

- The built-in lithium battery, charges with a 10% faster time than laptops. With the low power consumption of the 14nm processor, the battery life is about 8 hours.

Terms and Conditions:

- Promotion valid from May 2018 to June 30, 2018.
- Our prices **exclude** VAT
- An '8 GB' Pen Drive will be offered for purchases between Rs 10,000 to Rs 20,000.
- A '16 GB' pendrive will be offered for purchases exceeding Rs 20, 000.
- Additionally, a Targus Carrying Case worth Rs 600 will be offered for laptop purchases exceeding Rs 20, 000 (unless carrying case is already provided with the model purchased).
- **Disclaimer:**
 1. Our offers are **only** valid while stock lasts.
 2. Images used are for illustrative purposes; actual features may slightly differ.
